

# CLASS NEWS

Ms. Kolbrecki's 5th Grade

## Supply List

Please go to the class website and click on Supply List 2014 - 2015 to get the list of what you need for my class. Try to bring most, if not all, of your supplies to Meet and Greet so we can save time on the first day of school.

## Class Website

The address for our class website is at the bottom of this newsletter. Please bookmark it because you will be using some part of the site every day. Read through the pages before the first day of school to become familiar with me and what I expect. Then, if there are any questions I can answer them ahead of time.

## HOMEWORK!!

Yes, you do have an assignment to turn in during the first week of school. You will find the assignment on the website under the link for Homework. You may turn it in on the first day or that first Friday of school.

## Welcome Back To School!

Well, its that time of year once again.....the end of summer. My time off was fabulous. I moved my dad out to Boise from West Virginia, and I spent the summer getting him settled. It's been a busy time, and I'm very ready for school to begin! I hope you all had fun filled days this summer too. I'm excited to meet all of you, and I recognize most of you from last year. I looked through the yearbook to see who each of you had last year. Can't wait to see you at Meet and Greet on Monday, August 11th.
